Chairman Statement

Dear Members of the General Assembly,

On behalf of the Board of Directors of Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) “the Bank”, it gives me great pleasure to welcome you all to attend the Annual General Meeting of the Bank and accepting our invitation to discuss the Bank's performance for the financial year ended 31 December 2023.

The operating environment continued to remain challenging during the year 2023. As per World Bank, the Middle East and North Africa region witnessed a decline in economic growth, down from 5.8% in 2022 to 1.9% in 2023, primarily attributed to factors like lower oil output, higher inflation, regional conflicts, and a decline in private sector activity. Also, as per World Bank, real GDP of Iraq is estimated to have declined in 2023 driven by decline in oil output.

Despite the above challenges in the operating environment, the Bank continued its strong performance and achieved net profit of IQD 15.1 billion in 2023 (2022: IQD 11.7 billion). The Bank also continued to focus effective deployment of resources within an acceptable risk framework to maximise the returns for shareholders. In addition, the Bank rolled out significant digital transformation initiatives to deliver customer centric driven process automation solutions in order to improve customer experience and cost efficiency.

Pursuant to the acquisition of the Parent (Ahli United Bank B.S.C. (c)) by Kuwait Finance House K.S.C.P (“KFH”) which is a leading Islamic bank in the world, the Central Bank of Iraq has provided the Bank time up to 31 December 2024 to convert its assets and liabilities to Sharia compliant products. Based on the General Assembly and the Companies Registrar approvals, the Bank’s name has been changed to “Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq)” during the year.

We remain grateful to the Parent bank for its guidance, ongoing co-operation particularly in cross border business, training and technical support which has helped the Bank over the years to optimise its performance.

Finally, as the Chairman of the Bank I would like to take this opportunity to thank the Central Bank of Iraq, the Companies Registrar, shareholders and staff for their continued and unstinted support to the Bank.

Once again, a very warm welcome to you all and thank you for coming.

Mohammed Hameed Dragh Al-Dragh

Chairman of the Board of Directors

**Board of Directors' Report Concerning the
Bank's Operations for the Year Ended on 31 December 2023**

Members of the General Assembly,

The Board of Directors of Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) are pleased to provide the shareholders with the annual comprehensive report of the Bank's operations, together with the consolidated financial statements for the year ended 31 December 2023. Pursuant to the provisions of Articles 117 and 134 of the Companies Law No.21 of 1997 (as amended) and pursuant to the Accounting Rule No. (10) issued by the Accounting and Auditing Standards Council, provisions of the Banking Law No. 94 of 2004 and the corporate governance guide for banks issued by the Central Bank of Iraq.

The Board of Directors of the Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) is responsible for the accuracy and adequacy of consolidated financial statements and their fair presentation in accordance with the standards of international financial reports, in addition to identifying the control systems and internal control system necessary to prepare the consolidated financial statements and to show them without errors, whether caused by fraud or by mistake.

First: Background about the Bank

1. Bank Establishment:

The Bank was established in 11 Feb 1992 as a private joint stock company with a paid-up capital of IQD 150 million and was one of the first private banks to be licensed in Iraq. The Bank was incorporated under Registration License No. M.S.H. 4524 of 11 February 1992, issued by the Ministry of Trade – Companies Registration Directorate. The Bank was authorized to offer commercial banking services, pursuant to Letter of the Central Bank of Iraq's General Department of Banking and Credit Control, referenced 14314/9 and dated 12 July 1992.

2. Conversion to Islamic model

Pursuant to the acquisition of the Parent by Kuwait Finance House K.S.C.P ("KFH") on 2 October 2022, KFH has become the ultimate parent effective from the acquisition date.

Accordingly, and based on the General Assembly and the Companies Registrar approvals, the Bank's name has been changed to "Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq)" on 16 October 2023. the Central Bank of Iraq has provided the bank time up to 31 December 2024 to convert its assets and liabilities to Sharia compliant products.

3. Bank's capital increase:

The Bank's paid-up capital saw a steady increase from IQD 150 million in 1992 to IQD 250 billion in 2014. The most significant change occurred during 2005, when Bahrain-based Ahli United Bank B.S.C. injected a sum of IQD 50 billion in consideration for a 49% equity stake in Bank's share capital, which paved the way to establish a strategic partnership with this leading regional banking group operating across the MENA region and the United Kingdom. At the end of 2022, Ahli United Bank B.S.C's shareholding stood at 80.3%.

3. Bank's capital increase (Continue):

On 2 August 2023, the CBI issued its circular No. 9/2/439, in which it mandates all Iraqi banks to rise the capital to IQD 400 billion by 31 December 2024, and the bank can elect whether to make this rise on three instalments of no less than 50 billion each, on 31 December 2023, 30 June 2024, and 31 December 2024, or one instalment of 150 billion by no later than 31 December 2023.

Trend of capital growth

Year	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
Capital (IQD Billions)	100	150	250	250	250	250	250	250	250	250	250	250

4. Bank's contribution in subsidiary companies:

The Bank has 100% (2022: 100%) of the paid-in capital of IQD 200 million in a subsidiary, Ahli United Brokerage and Investment Company the "Subsidiary", has been registered in Iraq since 3 July 2008 as a private company. The principal activity of the subsidiary is brokerage.

5. Bank's main objectives:

CBIQ seeks to achieve the following strategic objectives under a normalized operating environment:

- Develop reputation as Iraq's leading and preferred provider of financial products and services.
- Increase the local and the international client base by providing customer-driven solutions.
- Enhance performance and service delivery through branch expansion and use of modern banking technology.
- Maximize shareholders' value with sustainable return in a secure environment.
- Entrench a disciplined risk and cost management culture.
- Contribute positively to the social and economic development of Iraq.

To achieve these strategic objectives, CBIQ has invested in establishing a modern, robust operational and technological infrastructure, which shall enable the Bank to capitalize on business opportunities and better serve its clients through a prudent conservative approach.

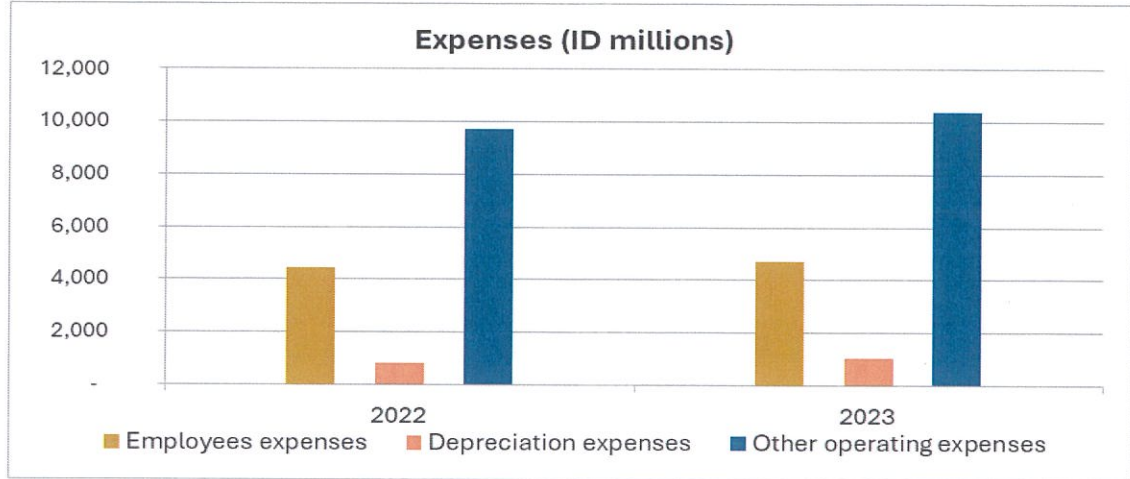

Second: Results of Implementing the Annual Business Plan for the year ended 31 December 2023

Key highlights of Bank's performance during 2023 were:

Fifth: Total revenues (Continue)

Sixth: Material changes

There were no fundamental changes or subsequent events affecting the Bank's business from the date of the Financial Statements preparation till date.

Seventh: Bank's future plans

In line with Central Bank of Iraq's guidelines for banks to establish clear, long-term plans aimed at developing a modern, efficient and well governed banking sector in Iraq, CBIQ has adopted a strategy focusing all efforts on achieving the following objectives:

1. Expand credit granting activities, both in cash loans and documentary credit extended, in accordance with guidelines set by Central Bank of Iraq and cash flow and collateral parameters established under Bank's Credit Policy.
2. Grow the Bank's deposits commensurately to fund expanded financing activities.
3. Leverage a stronger working relationship through bank partnerships with financial institutions within and outside Iraq to facilitate cross-border business/ trade flows in furtherance of Bank's business and financial objectives.
4. Become the financial services provider of choice for local medium sized companies as well as regional and international corporates operating in Iraq, through the underwriting of major, viable financing transactions.
5. Uphold Bank's investment policy and expand its investing activities, in compliance with Investment Law No. 13/2006.
6. Implement necessary upgrades and modernize existing branches to better meet the needs and expectations of our clients.
7. Deploy customer centric automated systems and IT infrastructure, to further enhance the range and quality of products and services offered.

Eighth: Accounting policies

Since its inception, the Bank has applied the Unified Accounting System for Banks and Insurance Companies, issued by the Ministry of Finance in 1992 for the preparation of financial statements. The Bank continues to strictly adhere to directions of the Central Bank of Iraq, whether in the general scope of its guidelines or as related to the laws and instructions pertaining to anti-money laundering and maintaining adequate levels of statutory reserves. The Bank adopts Depreciation law number 9 dated 1994 for computing depreciation.

During 2016, the Central Bank of Iraq issued an instruction No. 12/9 on 4 January 2016 to prepare the financial statements according to International Financial Reporting Standards (IFRS).

- Upgrade CBIQ website.

C. New Projects:

- Upgrade IB and MIB to meet CBI requirements.
- Core banking replication from AUB Equation server to CBIQ.
- Equation upgrade.
- Conversion to Islamic banking.
- CBIQ DR enhancement.
- A2A interface upgrade.
- ACH interface phase2.

Fourteenth: Anti-money laundering

To ensure no money laundering incidence occurs, the Bank is committed to upholding the anti-money laundering laws no. (39)/2015 and recommendations from the Financial Action Task Force and banking law no. (94)/2004 and CBI law no. (56)/2004.

Fifteenth: Risk Management

The bank manages its various banking risks by following comprehensive procedures for risk management, including appropriate and effective controls by the Board of Directors and bank's executive management in order to identify, measure, follow up and monitor the relevant risk categories and report them, and maintain an adequate capital is to prevent these risks.

The main risks associated with the bank's business are credit risk, operational risk, market risk, liquidity risk and other types of risks.

Complying with Banking Law No. 94 of 2004, the bank set its policy and procedures to manage its risks in accordance with the size and complexity of operations, therefore the bank has developed risk management policies accordingly.

CBIQ represented by its board of directors, is also keen to establish and implement the principles of institutional governance by introducing structural, legislative, and supervisory developments aimed at reducing the risks that the bank may be exposed to. Therefore, among the directions of the bank's board was to ensure the independence of supervisory activities, including the activity of risk management. In the bank, and in implementation of the best international practices in this field, the administrative structure for risk management has been formed within the following data: -

First - Formation of the Risk Committee from the Board of Directors

This committee operates within an approved business charter that includes its duties and responsibilities. Among its main tasks in relation to risk management are the following:

- Reviewing the risk management framework in the bank.
- Reviewing the bank's risk management strategy before approval by the Board.
- Reviewing the bank's risk management policies before approval by the Board.
- Following up the developments that affect risk management in the bank and submitting periodic reports to the Board.
- Verifying that there is no discrepancy between the actual risks that the bank takes, and the level of acceptable risks approved by the Board.
- Ensuring the availability of policies and frameworks for risk management, the programs and tools required for that with periodic review to ensure their effectiveness and amend them if necessary.

Fifteenth: Risk Management (Continue)

First - Formation of the Risk Committee from the Board of Directors (Continue)

- Ensuring that the bank manages its risks in an efficient manner, so that the bank carries the appropriate risks against the appropriate return.
- Creating appropriate conditions to insure identifying the risks that have a substantial impact, identifying any bank's activity that may lead to risks greater than the level of acceptable risks, and submitting their reports to the board.
- Verifying that violations of the acceptable levels of risk are addressed, including discussing these violations with executive management then submitting reports to the BOD.
- Reviewing the assumptions and scenarios used within the stress tests, discussing the results of the tests, and reviewing the measures to be taken based on these results before they are approved by the BOD.
- Reviewing the methodology for the internal evaluation of the bank's capital adequacy and submitting it to the BOD for approval, so that this methodology is comprehensive, effective and capable in identifying all risks that the bank may face, they take into account the bank's strategic plan and the capital plan, and review this methodology periodically and verify its application, and ensure that the bank maintains sufficient capital to meet all the risks it faces.
- Reviewing Bank's accepted risk document before the approval of the Board
- Ensuring the independence of risk management.

Second - Risk management independency

The risk management is independent as it is linked to the risk committee derived from the board of directors (BOD) hence risk management is reporting directly to the risk committee. In according to the authority granted by the Board of Directors, this management can approach any information from other departments in the bank or by the coordination with other various banks' committees, moreover, it works to identify, measure and control all the risks to which the bank is exposed or that it may be exposed to, in addition to hedge these risks to mitigate their impacts on the bank's activities, and to ensure its good management with the aim of maximizing property rights through the following:

- Monitoring the bank's executive departments to comply with the determined levels of acceptable risks.
- Reviewing the risk management framework in the bank before the approval of the board.
- Implementing the risk management strategy in addition to developing policies and work procedures to manage all types of risks.
- Educating and raising employees' awareness about risk management.
- Developing methodologies for identifying, measuring, monitoring, and controlling all types of risks.
- Reviewing the assumptions used in preparing the bank's estimated budget and submitting the necessary recommendations to the Risk Committee derived from BOD and a copy for the bank's executive management.

Fifteenth: Risk Management (Continue)

Second - Risk management independency (Continue)

- Conducting stress tests to measure the bank's ability to bear various conditions.
- Studying and reviewing the bank's credit portfolio to ensure its consistency with the bank's credit policy.
- Identifying risks for all products, services, processes, and systems and ensuring that these risks are within the limits. In addition, procedures have been put in place to control and monitor these risks. This also includes identifying the risks in the event of modifications to the products, services, processes, and systems in the bank.
- Supervising the preparation of the business continuity plan and ensuring its effectiveness.

Sixteenth: International Accounting Standard (10) imposes continuity principle.

In such unique circumstances face corporates sectors at the international level, CBIQ has realized that it must arm up itself with accounting standards in preparing its financial statements and strive to implement its requirements, such as the principle of continuity, as it is taken into account that the management should evaluate the capability of the bank in terms of continuity when it comes to prepare financial statements, in a way that the bank prepares its financial statements based on the assumption of business continuity.

Also the term of disclosure should include the probability of uncertainty in the continuity of bank's business when it is affected by circumstances and events, as well as this criterion requires the management to take into account the available information about the foreseeable future which represents a period of not less than twelve months from the end of the financial period for which the statements are prepared and it may exceed that when evaluating the appropriateness of the accounting assumption related to continuity.

The management sometimes takes into consideration some other factors in the current and expected profitability as well as loan payment schedules and prospective alternative sources of financing before settling into the certainty that the assumption of continuity is appropriate and it should also be emphasized that the bank must evaluate the appropriateness of preparing the financial statements on the basis of continuity in the period following the end of the fiscal year and before publishing its financial statements, as the requirements of International Accounting Standard No. 10 regarding the preparation of financial statements must be applied there are indicators prevent the bank to assume business continuity after the end of fiscal year and before the financial statements are published.

Seventeenth: International Award

The Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) is the first Iraqi Bank won "The Best Bank in Iraq Award" rewarded by Global Finance Magazine in New York, for five consecutive years (2009 – 2013). CBIQ was also the first Iraqi Bank to be licensed by MasterCard International to issue credit and direct debit cards since 2008.

The Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) was honored to receive the award of the Best Bank in terms of Trade Finance in Iraq for the year 2021 by the Union of Arab Banks. This prestigious award demonstrates the superiority of the bank in its work and the various banking services it provides to its customers.

In conclusion, it is my pleasure to sincerely thank all those who have supported the bank, to the regulatory authorities and to the community at large where the bank operates, wishing the banking sector continued prosperity and further development in order to better serve the citizens and the country.

Mohammed Hameed Dragh Al-Dragh
Chairman of the Board

COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)
CORPORATE GOVERNANCE REPORT
2023

First: Overview

The Board of Directors of the Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) is committed to implementing best Corporate Governance practices across the Bank's operations and structures, and to ensuring that the Bank is run in accordance with appropriate and robust governance policies to support the success of the Bank and sustain its business growth.

CIBIQ is also committed to an appropriate and transparent information disclosure framework and the enabling of timely access to key information by all stakeholders. For this purpose, the Bank has put in place a comprehensive disclosure and transparency policy which reflects all aspects of disclosure requirements (both financial and non-financial disclosures including all key statements on Bank's developments, operations and financial performance in accordance with the framework of stakeholders).

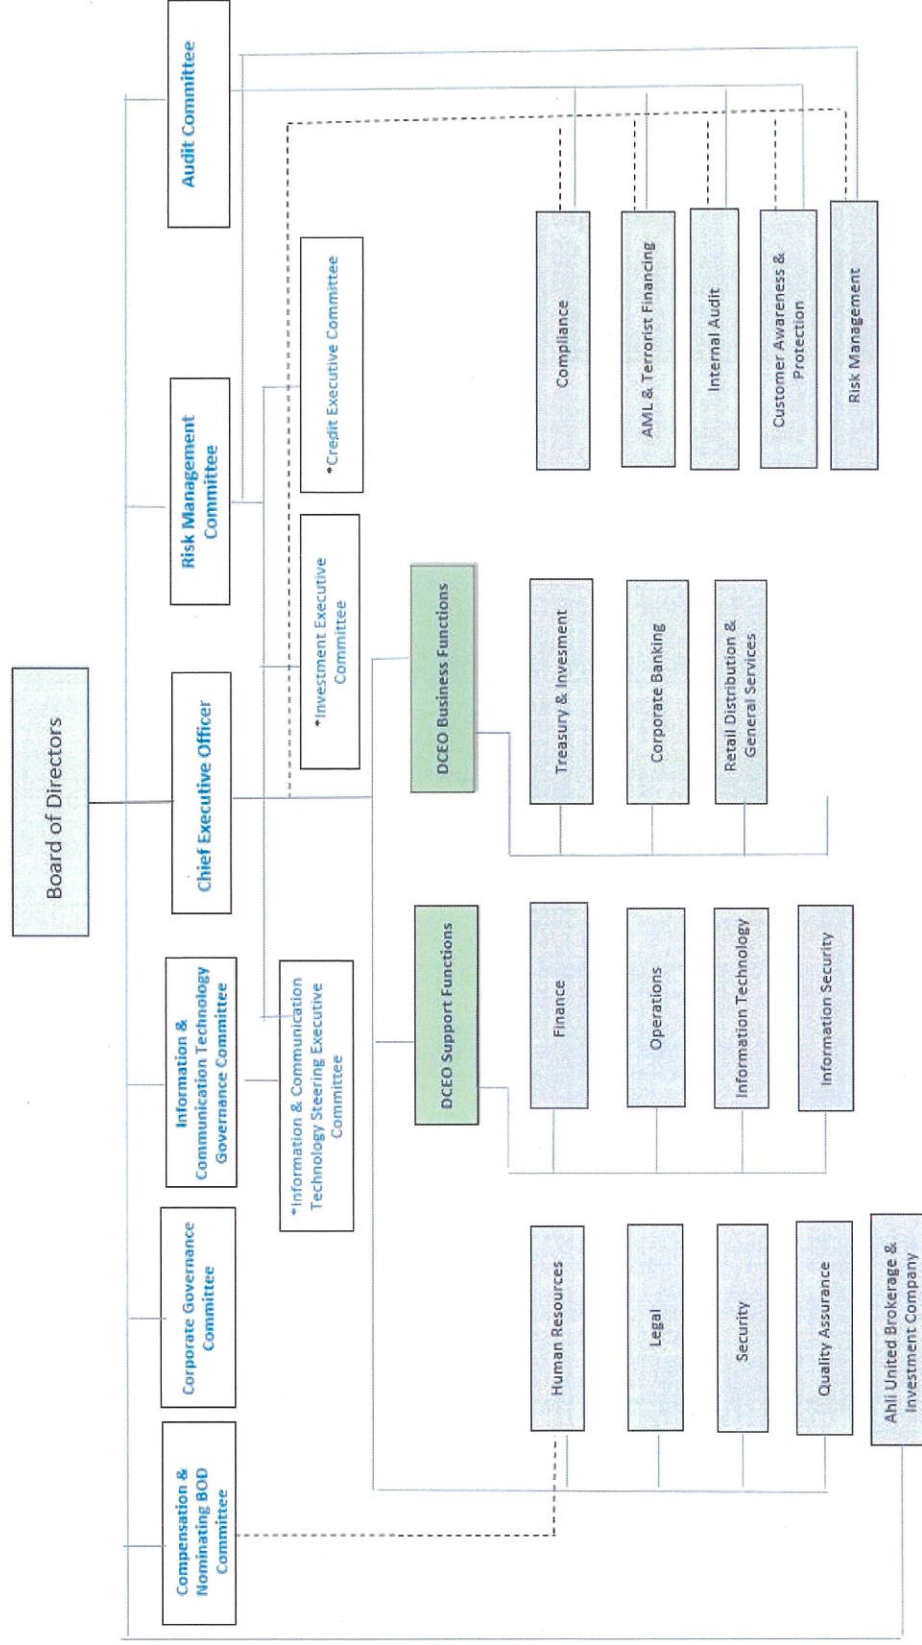

Elected by the General Assembly, the Board of Directors, is fully responsible for overseeing all aspects of Bank's conduct of business as well as managing associated risk exposures. The Board of Directors carries out this responsibility through Board-delegated committees which serve as active and independent lines of communications and oversight between the Board and senior management of the Bank.

The Board of Directors relies on independent committees for the exercising of its audit and oversight roles, whether through controls such as risk management, compliance, corporate governance and regulatory disclosure functions; or post facto control such as internal audit.

Additionally, the Bank conducts its business within agreed risk parameters, as set by the Bank's rigorous policy framework and procedures and defined delegated authority limits pursuant to the Bank's risk tendency and strategy.

The Board of Directors also relies on periodic MIS reporting prepared by senior management to the Board of Directors and its committees to ensure the timely monitoring of Bank's progress and focus on the key aspects and prompt remedy to areas of risk.

Second : The Bank Organizational Structure as on 31 of Dec 2023

Third: The Board of Directors

The Board of Directors of the Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) is the ultimate decision making body within the CIBIQ. It is responsible for overseeing the bank's conduct of business and ensuring the successful implementation of its strategy in delivering consistent and sustainable returns for its shareholders, employees and the society at large, taking into consideration business continuity and achieving corporate goals. As the Bank is also a subsidiary of Bahrain-based Ahli United Bank Group (AUB), its Board has a dual role in overseeing the implementation of the Group's strategy as relates to the Iraqi market and ensuring optimal synergy with the Group's broader business objectives and operations region-wide.

Third: The Board of Directors (Continue)

1. Composition of the Board of Directors

CIBIQ's Board of Directors is composed of 9 principal members in addition to 9 alternate members, with the composition of the Board representing an appropriate mix of professional qualifications, skills and expertise.

The Directors are elected by the General Assembly for a term of 4 years subject to approval by the Central Bank of Iraq. Directors may be re-elected for no more than a second term. The Board shall elect a Chairman and a Deputy Chairman.

Independent members on CIBIQ's Board constitute over a third of its members, in line with the requirements of Corporate Governance and for the formation of Board committees.

When electing the members of the Board of Directors, the cumulative voting system was applied by granting each shareholder a number of votes equal to the number of shares he owns, so that he/she can grant them all to one candidate or distribute them to more than one candidate when electing the members of the Board of Directors.

Members of the Bank's Board of Directors as at 31 December 2023:

2. Secretary of Council:

According to the Corporate Governance Guide, the Secretary of the Board of Directors, Mr. Abdulaziz Jabbar, was appointed based on the minutes of the Board of Directors No. 287 on 07/25/2022, where the role of the Secretary of the Board is one of the vital and important roles for the bank, as he attends all meetings of the Board of Directors and writes down all deliberations and suggestions Objections and reservations, mentioning the topics discussed, the decisions reached, the names of the members present and voting by each member, keeping and documenting the records and minutes of the council meetings after being signed by the members of the council.

3. Board responsibilities.

The role of the Board of Directors is to strike an appropriate balance as well as to delegate authority within an effective internal control framework implemented by the Bank's executive management.

The Board of Directors is responsible for its management to lead the Bank in the best way, with the aim of maximizing the value of shareholders' investments, achieving the targeted results of the business plan, preserving the rights of customers and the rights of all stakeholders, and achieving everything that remains within the framework of full compliance with the laws, regulations and supervisory instructions regulating the bank's activity.

Third: The Board of Directors (Continue)

4. Board's meetings

The Board shall meet at least six (6) times per annum but may convene at any time in case of urgent circumstances. Board members should endeavour to attend all meetings, nonetheless should a Director not be able to attend in person, he or she may attend, subject to Chairman's approval- through a video or audio call but may not cast a vote or sign the minutes of the meeting. Board's resolutions are adopted by the majority of voting attendees. In the event of a tied vote, the Chairman will cast the deciding vote.

- Submit periodic reports to the Council.
- Developing a special guide for the governance and management of information and related technology, and it may be part of the corporate governance guide, so that the guide takes into account these controls as a minimum, in a manner consistent with its needs and policies, and that the guide is approved by the Council, and the Central Bank of Iraq is provided with it within a maximum period of (6) months) from the date of these controls, so that this guide expresses the private institution's view of the governance and management of information and related technology in terms of its concept, importance and basic principles, and in a manner that takes into account legislation and international best practices in this regard, and the institution through the Information and Communication Technology Governance Committee emanating from the Council should review this guide and update it as needed.

Fifth: Stakeholders Protection

CIBIQ has adopted a comprehensive set of policies and procedures, in order to protect the rights and interests of all stakeholders and to enshrine the principles of integrity, fairness and equal opportunity in its dealings with internal and external stakeholders. The policies and procedures are as follows:

- **Code of Business Conduct:** this code provides guidance on ethical business behaviour and personal conduct for the Bank's Directors, senior management and staff.
- **Confidentiality & IT Security:** CIBIQ has robust policies to ensure the privacy, confidentiality and protection of Bank's data, underpinned by a well-formulated framework for IT Security, which is actively monitored by the Bank's Risk Management Committee.
- **Conflict of Interest:** The Bank is keen on ensuring adherence to prevailing laws and international regulations and to best business ethics practices. Cases of potential conflict of interest are duly reviewed and reported to avoid any risks.
- **Whistleblowing:** The Bank has a detailed policy and procedures on whistleblowing, designed to handle and investigate well-founded concerns raised by internal or external stakeholders regarding potential misconduct occurring within, or associated with, CIBIQ.
- **Customers' Complaints:** Effectively managing customers' complaints is essential to retaining their trust and confidence. A dedicated and well-resourced unit is tasked with handling customers' complaints each independently, addressing their concerns and setting high standards for quality assurance and achieving customers' satisfaction.

Sixth: Major shareholders of CIBIQ as at 31 December 2023:

Names	Number of shares	Percentage of Ownership
Ahli United Bank B.S.C.	200,828,588,080	80.3%
International Finance Corporation	12,434,782,600	4.9%
Abbas Ali Naji Al-Rubayee	4,317,004,725	1.7%
Other Shareholders individually below 1% ownership	32,419,624,595	13.1%
Total	250,000,000,000	100.0%

Seventh: TRANSPARENCY AND DISCLOSURE

Transparency and disclosure (T&D) are essential to an effective corporate governance framework as they provide the basis for informed decision making by shareholders and stakeholders.

CIBIQ has put in place a clear and comprehensive framework for the accurate, transparent and timely dissemination of information to shareholders in line with guidelines issued by the Central Bank of Iraq and the Iraqi Securities Commission as well as relevant international standards.

Eighth: Compensation Disclosure

CIBIQ's management is keen to maintain the competencies of its employees and motivate them to raise up the level of performance, through the coordination made with both human resources department besides the directors of all departments. The bank annually evaluates performance of all staff on the basis of achievements, goals, skills and qualifications. Employees are also evaluated based on responsibilities assigned to them in addition to the performance report according to specific guidelines.

The Board of Directors also supervises, through the Compensation Committee the process of evaluating the performance of the executive management and employees and determines the levels of their rewards. Annual remuneration of the board of directors is determined in the general assembly meeting of the bank.

The proposed increase in salaries for the year 2022 amounted to IQD 225 Million for all employees who were evaluated at a good level / the required level at least, (IQD 108 Million :2022), which represents 5.3% of the total salaries and within the framework of the estimated budget for the year 2023, which is amounted IQD 250 Million, as shown in the table below:

Estimated Budget to increase staff cost 2023 (Million IQD)	Proposed salary increases for 2023 (Million IQD)
250	225

Performance Bonus:

Distributing of the performance bonus for the year 2022 in proportion to the performance evaluation for all employees whose evaluation came at a good level / the required level at least, at an amount of IQD 293 Million.

The performance bonus for the year 2021 is IQD 264 Million, as the reward for the excellent work will be deducted from the benefits for the year 2022 (Accrued Bonus Pool).

The following table shows the total performance bonuses for the year 2021 that were paid in 2022 and the total performance bonus that was approved for the year 2022 and was paid in 2023:

Performance Bonus 2021 (Million IQD)	Performance Bonus 2022 (Million IQD)	Variances of the approved performance bonus %
264	293	11%

The total value of the Eid salary that was approved for the year 2023 is IQD (298) Million. This amount is disbursed in two phases, where the first phase is 50% of the appropriate amount on the occasion of Eid al-Fitr and the remaining 50% on the occasion of Eid al-Adha.

Ninth: Corporate Social Responsibility and Sustainability

The Board oversees the Bank's corporate social responsibility (CSR) program. As a responsible bank, CIBIQ is focused on incorporating sound sustainable practices into its day-to-day operations and identifying new initiatives and opportunities to further contribute to the social and economic well-being of fellow citizens of Iraq. The Bank reviews its CSR outreach on a periodic basis to improve such initiatives, both in terms of scope and quality of delivery. More details on the CSR programs are found in the CIBIQ's CSR Report which was first launched in 2019.

Yours faithfully,

Mohammed Hameed Dragh Al-Dragh
Chairman of the Board

Audit Committee Report

Messrs. Shareholders of the Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) (P.S.C.)

With reference to the approval of the General Meeting of the Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) held on 25 December 2006 for the formation of the Audit Committee and with reference to the corporate governance requirements issued by the Central Bank of Iraq we are pleased to inform you that the committee has reviewed the financial statements dated 31 December 2023 and the Annual Report of the Bank prepared according to the provisions of the Companies Law No.21 of the Year 1997, as amended, the Regulations and Instructions issued in accordance therewith and according to the recognized audit standards, we examined all the information and disclosures that we deemed necessary for the protection of the Shareholders and for carrying out our duty that we have undertaken according to the applicable legislation and in compliance with the prevailing audit procedures which included the necessary tests of the areas of operations while fully confirming the notes contained in the Auditor's report and in keeping therewith. In our opinion and according to the available information and disclosures, we wish to note the following:

1. The books used by the Bank conform to the bookkeeping requirements and in our opinion, they contain records of all the assets, liabilities, uses and resources.
2. The annual report and its contents of financial and accounting information reflect a full and complete picture of the Bank's financial position during the year subject to the audit and such information is not in breach of the provisions of the financial laws and legislation in force.
3. Pursuant to the Banking Law No.94 of the Year 2004, the Committee reviewed the accounting procedures, guidelines, the auditor's report of the Bank's financial statements and the reports submitted by the Bank to the Central Bank of Iraq and we ensured that the Bank has applied the guidelines of the Central Bank of Iraq and in accordance with International Financial Reporting Standards (IFRS).
4. There has not been any evidence of violation of the International Standards or Anti-money laundering operations in all the Bank operations and activities.
5. The procedures that enable the employee to report any error in the financial reports or any other matters in confidential manner are sound, and that the necessary arrangements to achieve the independence, investigation, protection of the employee and following up on the results of the investigation and processing them are done objectively.
6. The annual report prepared by the executive management includes all the basic requirements stipulated in the corporate governance.

The Committee has taken measures to control and monitor the banking operations in all its branches through effective work allocation and authority segregation as necessitated by business requirements which has successfully contributed to reducing risks and to facilitate smooth banking operations.

Yours faithfully,

Jamal Tahir Yahya

Date: 28 March 2024

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq)
Baghdad – Iraq

Report on the audit of the consolidated financial statements

Opinion

We have audited the consolidated financial statements of Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) and its subsidiary (the Bank), which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of income, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Bank as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards, are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Bank in accordance with the International Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in Iraq, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended 31 December 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter provided in that context.

We have fulfilled the responsibilities described in the auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Inadequate allowances (ECL) for credit facilities	
Key Audit Matter	How the key audit matter will be addressed
<p>This is considered as a key audit matter as the Bank exercises significant judgement to determine when and how much to record as impairment.</p> <p>The provision for credit facilities at amortized cost is determined in accordance with the bank's impairment and provisioning policy, which is aligned to the requirements of IFRS 9.</p> <p>There is a risk that inappropriate impairment provisions are booked, whether from the use of inaccurate</p>	<p>Our audit response included the following:</p> <ul style="list-style-type: none"> - We obtained an understanding of the Bank's key credit processes comprising granting, booking and tested the operating effectiveness of key controls over these processes. - We read the Bank's impairment provisioning policy and compare it to IFRS 9 requirements. - We assessed the Bank's expected credit loss model, focusing on its alignment of the expected credit loss model and its underlying methodology with IFRS 9 requirements. - We examined a sample of exposures, assess on an individual basis, and perform procedures to evaluate the following: <ul style="list-style-type: none"> • Appropriateness of the Bank's staging.

underlying data, or the use of unreasonable assumptions.

Due to the significance of the judgments used in classifying credit facilities into various stages stipulated in IFRS 9 and determining related provision requirements, this audit area is considered a key audit matter.

As at 31 December 2023, the Bank's gross credit facilities amounted to IQD 12,026,009 thousand and the related allowance for ECL amounted to IQD 659,221 thousand. The allowance for ECL policy is presented in the accounting policies in note (2) to the consolidated financial statements.

- Appropriateness of the PD, EAD, LGD and EIR used for different exposures at different stages.
 - Appropriateness of the internal rating and the objectivity, competence and independence of the experts involved in this exercise.
 - Soundness and mathematical integrity of the ECL Model.
 - For exposures moved between stages we checked the appropriateness of the Bank's determination of significant increase in credit risk and the resultant basis for classification of exposures into various stages. We also checked the timely identification of exposures with a significant deterioration in credit quality.
 - For exposures determined to be individually impaired we re-performed the ECL calculation, we also obtained an understanding of the latest developments in the counterparty's situation of the latest developments in estimate of future cash flows, current financial position any rescheduling or restructuring agreements.
- We assessed the financial statements, disclosures to ensure compliance with IFRS 9.

Other information included in the Bank's 2023 Annual Report

Other information consists of the information included in the Bank's 2023 Annual Report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information. The Bank's 2023 Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the subsidiary or business activities within the Bank to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguard applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report, unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

Report on regulatory requirements

We have the following comments and notes:

1. During the performance of our audit procedures and to the nature of the banking transactions, nothing has come to our attention for the existence of transaction related to money laundering or financing terrorism.
2. Capital adequacy stood at 139.34%.
3. Currency auction operations that the Bank has entered for the benefit of the Bank's customers during 2021 were in line with Central Bank of Iraq instructions in that regards. The Bank has entered currency auction operations for the benefit of the Parent Bank to transfer their share of dividends related to the fiscal years 2020 and 2021 amounted to USD 14,410,600 during 2023 at an exchange rate of IQD 1,320 for each 1 USD.
4. We reviewed the internal audit reports; we did not note any major issues.
5. The accounting records used by the Bank complied with the requirements of the bookkeeping regulations and comprised the assets, liabilities, the Bank's sources, and uses of funds for the fiscal year.

The accompanying notes from 1 to 33 are an integral part of these consolidated financial statements

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

1. CORPORATE INFORMATION

Commercial Islamic Bank of Iraq (formerly Commercial Bank of Iraq) is a private shareholding company offering retail and corporate banking services in Iraq. The Bank was incorporated on 11 February 1992 and conducts its operations through 10 branches located in Baghdad, Basra and Najaf. The Bank's registered office is at Al-Sadoon Street, Baghdad, Iraq. The Bank is a subsidiary of Ahli United Bank (Bahrain) ("the Parent") which owns 80.3% of the Bank's capital (2022: 80.3%). The consolidated financial statements of the Bank are consolidated with the Parent's consolidated financial statements.

Pursuant to the acquisition of the Parent by Kuwait Finance House K.S.C.P ("KFH") on 2 October 2022, KFH has become the ultimate parent effective from the acquisition date.

Accordingly, and based on the General Assembly and the Companies Registrar approvals, the Bank's name has been changed to "Commercial Islamic Bank of Iraq" on 16 October 2023. The Central Bank of Iraq has provided the bank time up to 31 December 2024 to convert its assets and liabilities to Sharia compliant products.

The Bank has 100% (2022: 100%) ownership interest in a subsidiary, Ahli United Brokerage and Investment Company ("the Subsidiary"), which was registered in Iraq on 3 July 2008. The principal activity of the subsidiary is brokerage. The Bank and its subsidiary are collectively known as ("the Bank").

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION

The consolidated financial statements of the Bank have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB).

The consolidated financial statements have been prepared on a historical cost basis, except for financial assets at fair value through other comprehensive income that have been measured at fair value at the date of the consolidated financial statements. The consolidated financial statements are presented in Iraqi Dinars (IQD), rounded to the nearest thousand Iraqi Dinar except otherwise indicated. IQD is the functional currency of the Bank and its subsidiary.

2.2 BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Bank as at 31 December 2023 and the Subsidiary over which the Bank has the power to govern the financial and operating policies of the Subsidiary so as to obtain benefits from its activities. All balances, transactions, income, and expenses between the Bank and the Subsidiary are eliminated in full upon consolidation. The financial statements of the Subsidiary are prepared for the same reporting year as the Bank, using consistent accounting policies. The subsidiary paid-in capital

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

**2. ACCOUNTING POLICIES (CONTINUED)
2.3 BASIS OF CONSOLIDATION (CONTINUED)**

is IQD 200,000 thousand (2022: IQD 200,000 thousand) of which the Bank owns 100% as at 31 December 2023 (2022: 100%).

The Subsidiary's main activity is investment brokerage. The Subsidiary is fully consolidated from the date of acquisition, being the date on which the Bank obtained control, and continues to be consolidated until the date that such control ceases.

2.3 CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2022 except for the adoption of new amendments on the standards effective as of 1 January 2023 shown below:

IFRS 17 Insurance Contracts

IFRS 17 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. IFRS 17 replaces IFRS 4 Insurance Contracts. IFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. The overall objective of IFRS 17 is to provide a comprehensive accounting model for insurance contracts that is more useful and consistent for insurers, covering all relevant accounting aspects. IFRS 17 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach),
- A simplified approach (the premium allocation approach) mainly for short-duration contracts.

This standard is not applicable to the Bank.

Definition of Accounting Estimates - Amendments to IAS 8

The amendments to IAS 8 clarify the distinction between changes in accounting estimates, changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The new standard had no impact on the Bank's consolidated financial statements.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

**2. ACCOUNTING POLICIES (CONTINUED)
2.3 CHANGES IN ACCOUNTING POLICIES (CONTINUED)**

Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2

The amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Bank's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Bank's financial statements.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to IAS 12

The amendments to IAS 12 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities.

This standard is not applicable to the Bank.

International Tax Reform—Pillar Two Model Rules – Amendments to IAS 12

The amendments to IAS 12 have been introduced in response to the Organization for Economic Co-operation and Development (OECD) - Base Erosion and Profit Shifting (BEPS) Pillar Two rules and include:

- A mandatory temporary exception to the recognition and disclosure of deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules; and
- Disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date.

The mandatory temporary exception – the use of which is required to be disclosed – applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on or after 1 January 2023, but not for any interim periods ending on or before 31 December 2023.

The amendments had no impact on the Bank's consolidated financial statements as the Bank is not in scope of the Pillar Two model rules as its revenue is less than EUR 750 million/year.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

2. ACCOUNTING POLICIES (CONTINUED)

2.4 STANDARDS ISSUED BUT NOT YET EFFECTIVE

The standards and interpretations that are issued but not yet effective, up to the date of issuance of the Bank's consolidated financial statements are disclosed below. The Bank intends to adopt these standards, if applicable, when they become effective.

Amendments to IFRS 16: Lease Liability in a Sale and Leaseback

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right-of-use it retains.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of IFRS 16. Earlier application is permitted and that fact must be disclosed.

The amendments are not expected to have a material impact on the Bank's consolidated financial statements.

Amendments to IAS 1: Classification of Liabilities as Current or Non-current

In January 2020, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement,
- That a right to defer must exist at the end of the reporting period,
- That classification is unaffected by the likelihood that an entity will exercise its deferral right,
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024 and must be applied retrospectively. The Bank is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

Supplier Finance Arrangements - Amendments to IAS 7 and IFRS 7

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments:

Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted, but will need to be disclosed.

The amendments are not expected to have a material impact on the Bank's consolidated financial statements.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

**2. ACCOUNTING POLICIES (CONTINUED)
2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of the consolidated financial statement are set out below. These policies have been consistently applied to all year presented.

Foreign currency translation

Transactions in foreign currencies are initially recorded in the functional currency rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the consolidated statement of financial position date. All differences are taken to 'Net gains from foreign exchange' in the consolidated statement of income.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Classification and measurement of financial instruments

The classification of financial instruments at initial recognition depends on the purpose for which the financial instruments were acquired and their characteristics. All financial instruments are initially recognised at the fair value plus, for an item not recorded at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Premiums and discounts are amortised on a systematic basis to maturity using the effective interest rate method and taken to interest income or interest expense as appropriate.

a) Date of recognition

All "regular way" purchases and sales of financial assets are recognised on the settlement date, i.e. the date that the Bank receives or delivers the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the timeframe generally established by regulation or convention in the market place.

b) Direct credit facilities

Direct credit facilities are financial assets with fixed or determinable payments and fixed maturities that are not quoted in an active market. After initial recognition, these are subsequently measured at amortised cost using the effective interest rate method, less any amounts written off, allowance for expected credit losses and interest in suspense. The losses arising from impairment of these assets are recognised in the consolidated statement of income in "allowance for expected credit losses" and in an allowance for expected credit losses account in the consolidated statement of financial position. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. The amortisation is included in "interest income" in the consolidated statement of income.

Interest and commission arising on non-performing facilities are suspended when loans become impaired according to the Central Bank of Iraq regulations.

c) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income consists of equity investments that are not held for sale in the near future.

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

These financial instruments are initially measured at their fair value plus transaction costs. Subsequently, they are measured at fair value. Gains or losses arising on subsequent measurement of these equity investments including the change in fair value arising from non-monetary assets in foreign currencies are recognized in other comprehensive income in the consolidated statement of changes in equity. The gain or loss on disposal of the asset is reclassified from fair value reserve to retained earnings. These financial assets are not subject to impairment testing.

Dividend income is recognized in the consolidated statement of income when the Bank's right to receive the payment is established.

d) Financial assets at amortized cost

Financial assets are measured at amortized cost only if these assets are held within a business model whose objective is to hold the asset to collect their contractual cash flows and that the contractual terms of the financial asset give rise, on specified dates, to cash flows constituting solely payment of principal and interest (SPPI) on the outstanding principal amount.

Debt instruments meeting these criteria are initially measured at fair value plus transaction costs. Subsequently they are amortized using the effective interest rate method, less allowance for impairment. The losses arising from impairment are recognized in the consolidated statement of income.

Impairment of financial assets

The Bank's allowances for expected credit loss calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The expected credit loss impairment model reflects the present value of all cash shortfalls related to default events either (i) over the following twelve months or (ii) over the expected life of a financial instrument depending on credit deterioration from date of initial recognition. The allowance for expected credit losses reflects an unbiased, probability-weighted outcome which considers multiple scenarios based on reasonable and supportable forecasts. Due to the recent development and the abnormal situation resulted from COVID-19, an additional downside scenario was used by the management for calculating the ECL for the year ended 31 December 2023. Accordingly, the Bank has updated the macroeconomic factors used for calculating the ECL for the year ended 31 December 2023 in addition to changing the probability of weights assigned to the macroeconomic scenarios by giving higher weights to the downside scenarios.

Expected credit losses are the product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD). The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months, or over the remaining lifetime of the obligation. The EAD is the expected amount of exposure at the point of default which is mainly determined by the current exposure value for funded exposures. The EAD for unfunded exposures including undrawn commitments are determined by historical behavioral analysis and regulatory Credit Conversion Factors (CCF).

The LGD quantifies the potential loss from an exposure in the event of default. The key determinants of LGD are, among others, past recovery / loss data for each segment, external loss data, expected recovery period, discount rate, regulatory guidance etc. Management overlays may be applied to the model outputs if consistent with the objective of a significant increase in the credit risk.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

The impairment model measures allowances for credit loss using a three-stage approach based on the extent of credit deterioration since origination as described below:

Stage 1 – Measures and recognizes allowance for expected credit loss equal to 12-month ECL for financial instruments for which credit risk has not significantly increased since initial recognition. All investment grade assets are deemed to be Stage 1 as per Bank's policy under the low credit risk presumption except in cases where there are past dues in excess of 30 days (rebuttable) or 60 days (non-rebuttable).

Stage 2 – If credit risk has increased significantly since initial recognition (whether assessed on an individual or collective basis), then measure and recognize allowance for expected credit loss at an

amount equal to the lifetime ECL. The key drivers to consider an asset as Stage 2 as per Bank's policy are as follows:

- Movements in risk rating since origination where the rating movement has deteriorated by 50% or more, the amortized cost of financial asset is automatically migrated to Stage 2.
- Number of days past due (30 days - rebuttable) subject to approval of IFRS 9 Bank's working committee (WC) decision; 60 days (non-rebuttable).
- Delays in credit reviews or resolving credit exceptions subject to WC decision.
- Sector or country specific weakness subject to WC decision.

Any other specific indicators including forward looking information which are available without undue cost or effort with respect to the obligor or the exposure such as, but not limited to, arrears with other lenders, lawsuits filed against the obligor by other lenders / creditors, negative movements in market indicators of financial performance etc. and the WC determines that this represents a significant deterioration in credit quality, etc.

Stage 3 – Financial instruments where there is objective evidence of impairment are considered to be in credit impaired are included in this stage. Similar to Stage 2, the allowance for expected credit losses captures the lifetime expected credit losses.

Incorporation of forward-looking information

The Bank incorporates forward-looking information into both its assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of Point-in-Time PD (PiT PD). The Bank has performed historical analysis and identified the key economic variables impacting credit risk and expected credit losses. The forecast economic variables are applied to established regression relationships to determine PiT PD. Macro-economic factors taken into consideration include oil related variables, gross domestic product, unemployment and real estate indices. The methodologies and assumptions including any forecasts of future economic conditions are reviewed regularly.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

Definition of default

Financial assets that are subject to ECL measurement are tested as to whether they are credit-impaired. Objective evidence that a financial asset is credit-impaired may include a breach of contract, such as default or delinquency in interest or principal payments, indications that it is probable that the borrower will enter bankruptcy or other significant financial reorganization, the disappearance of an active market, or other observable data relating to a Bank of assets such as adverse changes in the payment status of borrowers or issuers in the Bank, or economic conditions that correlate with defaults in the Bank. The Bank continues its policy of treating financial instruments as credit impaired under Stage 3 category when the repayment of the principal or interest is overdue for 90 days or more.

Financial assets are written off after all restructuring and collection activities have taken place and there is no realistic prospect of recovery.

Derecognition of financial assets and financial liabilities

A financial asset (or, where applicable a part of a financial asset or part of a Bank of similar financial assets) is derecognized where:

- ▶ The rights to receive cash flows from the asset have expired;
- ▶ The Bank has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and
- ▶ Either:
 - (a) the Bank has transferred substantially all the risks and rewards of the asset, or
 - (b) the Bank has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Determination of fair value

The fair value for financial instruments traded in active markets at the consolidated statement of financial position date is based on their quoted market price or dealer price quotations (bid price for long positions and offer price for short positions), without any deduction for transaction costs.

Where the fair values of financial instruments recorded on the consolidated statement of financial position cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of mathematical models, the inputs to these models are derived from observable market data where possible, but where observable market data are not available, judgment is required to establish fair values. The judgments include considerations of liquidity and model input such as volatility for longer dated derivative and discount rates, prepayment rates and default rates for asset backed securities.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

Offsetting financial instruments

Financial assets and financial liabilities are offset, and the net amount reported in the consolidated statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements; therefore, the related assets and liabilities are presented gross in statement of financial position.

Financial guarantees

In the ordinary course of business, the Bank gives financial guarantees, consisting of letters of credit, guarantees and acceptances. Financial guarantees are initially recognized in the consolidated financial statements at fair value, in 'Other liabilities', being the commissions received. Subsequent to initial recognition, the Bank's liability under each guarantee is measured at the higher of the amortized premium and the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee.

Any increase in the liability relating to financial guarantees is taken to the consolidated statement of income in 'Net allowance for expected credit losses'. The premium received is recognized in the consolidated statement of income in 'Net fees and commission income' on a straight-line basis over the life of the guarantee.

The expected loss allowance on financial guarantees is measured on the basis of expected payment to be made to the holder less any amounts that the Bank expects to recover.

Recognition of income and expenses

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Bank and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- Interest and similar income and expense

For all financial instruments measured at amortized cost, interest income or expense is recorded using the effective interest method which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a short period, where appropriate, to the net carrying amount of the financial assets or financial liability. Interest that is 90 days or more overdue is excluded from income interest on impaired direct credit facilities and other financial assets is not recognized in the consolidated statement of income.

- Fees and commissions income

Credit origination fees are treated as an integral part of the effective interest rate of financial instruments and are recognized over their lives, except when the underlying risk is sold to a third party at which time it is recognized immediately. Fees or components of fees that are linked to certain performance obligations are recognized after fulfilling those obligations. Other fees and commission income are recognized when earned.

- Dividend income

Revenue is recognized when the Bank's right to receive the payment is established.

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

Cash and cash equivalents

Cash and cash equivalents as referred to in the consolidated statement of cash flows comprise of cash on hand, current accounts with Central Bank and amounts Balances with banks on demand or with an original maturity of three months or less.

Property and equipment

Property and equipment is stated at historical cost less accumulated depreciation and accumulated impairment in value, if any. Changes in the expected useful life are accounted for by changing the depreciation period or method, as appropriate, and treated as changes in accounting estimates.

Project in progress is stated at cost, net of accumulated impairment losses.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated. The estimated useful lives are as follows:

	Useful lives (Years)
Buildings	20
Equipment and machinery	5
Vehicles	5
Furniture	5
Computers / IT Software	5

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognized in 'Other operating income' or 'Other operating expenses' in the consolidated statement of income in the year the asset is derecognized.

Useful life of property and equipment

The Management periodically reassesses the economic useful life of property and equipment for the purpose of calculating annual depreciation and amortization based on the general condition of these property and equipment and assessing their expected useful life in the future.

Provisions

Provisions are recognized when the Bank has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

Leases

a) Right of use assets

The Bank recognizes right of use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right of use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Bank is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right of use assets is depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right of use assets are subject to impairment. The carrying value of right-of-use assets are recognized under 'Property, equipment and right of use assets, net' in the consolidated statement of financial position.

b) Lease liabilities

At the commencement date of the lease, the Bank recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Bank uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset and is recognized under other liabilities in the consolidated statement of financial position.

Taxes

Current income tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the tax authorities, and in accordance with IAS 12.

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the consolidated statement of financial position date.

Deferred tax

Deferred tax is provided on temporary differences at the consolidated statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiary, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

2. ACCOUNTING POLICIES (CONTINUED)

2.5 SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Segment reporting

Segment business represents a group of assets and operations shared to produce products or risk attributable services different from which related to other segments.

Geographic sector linked to present the products or the services in a specific economic environment attributable for risk and other income different from which related to other sectors work in other economic environment.

Assets seized by the Bank

Assets seized by the Bank through calling upon collateral are shown in the consolidated statement of financial position under "Property, equipment and right of use assets" at the lower of their carrying value or fair value. These assets should be used by the Bank in its operations or sold within two years from the date of seizure. Otherwise, the Bank is required by the CBI to book provision against these assets after the two-year period lapses.

2.6 SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the consolidated financial statements in conformity with IFRS requires the use of certain significant accounting judgments, estimates, and assumptions that affect the reported amount of assets and liabilities, it requires management to exercise its judgment in the process of applying the Bank's accounting policies. Such estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including obtaining professional advice and expectations of future events.

The most significant uses of judgement and estimates are as follows:

Business model

In making an assessment of whether a business model's objective is to hold assets in order to collect contractual cash flows, the Bank considers at which level of its business activities such assessment should be made. Generally, a business model is a matter of fact which can be evidenced by the way business is managed and the information provided to management. In determining whether its business model for managing financial assets is to hold assets in order to collect contractual cash flows, the Bank considers:

- ▶ Management's stated policies and objectives for the portfolio and the operation of those policies in practice;
- ▶ Management's evaluation of the performance of the portfolio; and
- ▶ Management's strategy in terms of earning contractual interest revenues or generating capital gains.

2. ACCOUNTING POLICIES (CONTINUED)

2.6 SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES (CONTINUED)

Measurement of the Expected Credit Loss (ECL) allowance

The measurement of the ECL for financial assets measured at amortized cost and debt instruments measured at fair value through other comprehensive income (FVTOCI) is an area that requires the use of complex models and significant assumptions about future economic conditions, credit behavior (e.g. the likelihood of customers defaulting and the resulting losses), estimation of the amount and timing of the future cash flows and collateral values. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Bank's ECL calculation are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Internal credit rating model, which assigns Probability of Defaults (PDs) to the individual ratings;
- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, Exposure at Defaults (EADs) and Loss Given Defaults (LGDs);
- Selection and relative weightings of forward-looking scenarios to derive the economic inputs into the ECL models;
- Determining relevant period of exposure with respect to the revolving facilities and facilities undergoing restructuring at the time of the reporting date.

Provisions

A provision is set for lawsuits raised against the Bank. This provision is based to an adequate legal study prepared by the Bank's legal advisor. Moreover, the study highlights potential risks that the Bank may encounter in the future.

Income Taxes

The fiscal year is charged with its portion of income tax expenditures in accordance with the regulations, laws, and accounting standards.

Going concern

The management has made an assessment of its ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt on the Bank's ability to continue as a going concern. Therefore, the consolidated financial statements continue to be prepared on a going concern basis.

Fair value of financial instruments

Estimates are also made in determining the fair values of financial assets that are not quoted in an active market. Such estimates are necessarily based on assumptions about several factors involving varying degrees of uncertainty and actual results may differ resulting in future changes in such estimates.

	2023	2022
	IQD (000)	IQD (000)
General and administrative expenses	4,397,633	4,287,235
Miscellaneous accruals	2,896,799	2,372,790
Professional fees	2,126,787	1,829,642
Provision of assets seized by the bank *	598,800	927,758
Insurance	292,822	227,071
Audit fees	65,750	64,340
	<u>10,378,591</u>	<u>9,708,836</u>

* The Bank booked provision of assets seized by the bank for an asset that was seized more than two years ago in accordance with the CBI requirements.

24. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Bank uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

- A. Fair value of financial assets and liabilities of the Bank measured in fair value continuously:
The Bank is revaluing financial assets at fair value through other comprehensive income at the end of each reporting period and the table below shows information related to determining the fair value:

	Fair value IQD (000)			
	2023	2022	Fair value level	Method of valuation and observable inputs
Financial assets at fair value through other comprehensive income	548,170	474,558	Level 1	Based on price quotations in financial markets
Financial assets at fair value through other comprehensive income	819,474	819,474	Level 2	Through Comparison of similar financial instruments

- B. Fair value of financial assets and liabilities, other than those disclosed in the table below approximate their carrying values:

	2023		2022		
	Total carrying amount	Total fair value	Total carrying amount	Total fair value	Fair value level
	IQD (000)		IQD (000)		
Financial assets at amortized cost	102,385,521	95,735,581	138,435,660	134,003,116	Level 1

Related parties' transactions are with the parent bank and its subsidiaries and associates, and no transactions are with the members of the board of directors.

Compensation of the key management personnel is as follows:

	2023	2022
	IQD (000)	IQD (000)
Executive management salaries and benefits	784,125	894,376
	784,125	894,376

**COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

27. RISK MANAGEMENT

Risk is inherent in the Bank's activities, but is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Bank's continuing profitability and each individual within the Bank is accountable for the risk exposures relating to his or her responsibilities. The Bank is exposed to credit risk, liquidity risk and market risk, the latter being subdivided into trading and non-trading risks. It is also subject to country risk and various operating risks.

The independent risk control process does not include business risks such as changes in the environment, technology and industry. The Bank's policy is to monitor those business risks through the bank's strategic planning process.

A. Credit Risk

Credit risk is the risk that one party to the financial instrument will fail to discharge a financial obligation and cause the other party to incur a financial loss. The Bank manages credit risk by setting limits for individual borrowers and groups of borrowers and for geographical and industry segments in accordance with Central Bank of Iraq regulations. The Bank also monitors credit exposures, and continually assesses the credit worthiness of counterparties. In addition, the Bank obtains security where appropriate, and limits the duration of exposure.

The Bank's risk management policy includes formation of a Credit Committee for reviewing the credit facilities.

This committee is responsible for the facilities control process that includes granting, classification and following up on the credit facilities.

The table below shows the maximum exposure to credit risk for the components of the statement of financial position. The maximum exposure is shown net of ECL and interest in suspense, before the effect of mitigation through the use of master netting agreements.

B. Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Bank classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately. The market risk for the trading portfolio is managed and monitored based on a Value-at-Risk (VaR) methodology that reflects the interdependency between risk variables. Non-trading positions are managed and monitored using other sensitivity analyses.

COMMERCIAL ISLAMIC BANK OF IRAQ
(FORMERLY COMMERCIAL BANK OF IRAQ)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023

27. RISK MANAGEMENT (CONTINUED)

D. Currency risk

Currency risk is the risk that the functional currency value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Bank has significant net currency exposure towards US Dollar, based on foreign currency assets and liabilities held at 31 December 2023 and 2022. Hence, sensitivity of the Bank's consolidated statement of comprehensive income to a reasonably possible change in the exchange rate between the Iraqi Dinar and US Dollar was significant.

The following table demonstrates the sensitivity to a reasonably possible change in the foreign exchange rate, with all other variables held constant, of the Bank's profit before tax due to changes in the carrying value of monetary assets and liabilities. The impact on equity is the same as the impact on profit before tax

Increase/decrease foreign exchange rate	Effect on profit before tax for the year ended 31 December	
	2023	2022
	Increase (Decrease)	Increase (Decrease)
	IQD (000)	IQD (000)
+5%	5,678,959	6,791,698
-5%	(5,678,959)	(6,791,698)

E. Equity price risk

Equity price risk arises from fluctuations in equity indices and prices. Most of the Bank's financial assets at fair value through other comprehensive income are listed on the Iraq Stock Exchange. The effect of a 10% increase or decrease in these shares will result in an IQD 54,817 thousand (2022: IQD 47,456 thousand) increase or decrease in the fair value reserve.

F. Liquidity Risk

Liquidity risk is defined as the risk that the Bank will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Bank might be unable to meet its payment obligations when they fall due under both normal and stress circumstances. To limit this risk, management has arranged diversified funding sources in addition to its core deposit base and adopted a policy of managing assets with liquidity in mind and of monitoring future cash flows and liquidity on a daily basis.

The Bank has committed lines of credit that it can access to meet liquidity needs. In addition, the Bank maintains a statutory deposit with the Central Bank of Iraq. Net liquid assets consist of cash, short term deposit and liquid debt securities available for immediate sale, less deposits due to banks mature within three months.

G. Country risk

Country risk is the risk that an occurrence within a country could have an adverse effect on the Bank directly by impairing the value of the Bank or indirectly through an obligor's ability to meet its obligations to the Bank. Generally, these occurrences relate, but are not limited to: sovereign events such as defaults or restructuring; political events such as contested elections; restrictions on currency movements; non-market currency convertibility; regional conflicts; economic contagion from other events such as sovereign default issues or regional turmoil; banking and currency crisis; and natural disasters.

H. Operational risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The bank cannot expect to eliminate all operational risks, but it endeavors to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff education and assessment processes.

27. RISK MANAGEMENT (CONTINUED)

I. Concentration of Risk in Geographical Area

The Bank carries out most of its activities in Iraq, the political and economic destabilization in the area increases the risk of carrying out business and could adversely affect performance.

28. SEGMENT INFORMATION

For management purposes, the Bank is organized into three major business segments as following:

Retail banking: Principally handling individual customers' deposits, and providing consumer type loans, overdrafts, credit cards facilities and funds transfer facilities;

Corporate banking: Principally handling loans and other credit facilities and deposit and current accounts for corporate and institutional customers;

Treasury and investments: Principally providing money market, trading and treasury services, as well as the management of the Bank's funding operations by use of treasury bills, government securities and placements and acceptances with other banks, through treasury and wholesale banking.

These segments are the basis on which the Bank reports its primary segment information.

(FORMERLY COMMERCIAL BANK OF IRAQ)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
31 DECEMBER 2023**

30. CONTINGENT LIABILITIES AND COMMITMENTS

The totals outstanding commitments and contingent liabilities are as follows:

	2023	2022
	IQD (000)	IQD (000)
Letters of guarantee	88,269,634	82,411,039
Letter of Credit	1,570,690	-
Undrawn loan commitments	343,606	222,599
	<u>90,183,930</u>	<u>82,633,638</u>

31. LAWSUITS

There are a number of lawsuits raised against the Bank in the normal course of business, and as a matter of prudence the management of the Bank believes that the provisions booked against those lawsuits are sufficient.

32. DEPOSITS PROTECTION SCHEME

All customers' deposits held with the Bank (except banks, governmental and margin deposits) are covered by the Deposits Security Scheme no.3 of 2016. This scheme covers eligible customers up to 51% for amounts below IQD 100 million and 25% for every amount over IQD 100 million which will be paid by the Iraqi Company for Deposits Insurance. A monthly contribution as paid by the Bank under this scheme as mandated by Central Bank of Iraq.

33. COMPARATIVE FIGURES

Some of the comparative figures for the year 2022 have been reclassified to correspond with those of 31 December 2023 presentation. The reclassification did not have any effect on profits or equity of 2022.
