

Important Notice Regarding Fraudulent Online Pages

The Commercial Islamic Bank of Iraq warns its valued customers about the existence of fake pages and accounts on social media platforms that unlawfully use the Bank's name and logo to publish misleading information or fraudulent offers, or to request banking and personal information from citizens.

Accordingly, we urge all our valued customers not to interact with any unofficial page or account, and not to share any banking or personal information with any party claiming to represent the Bank, including:

Bank card numbers

Personal Identification Number (PIN)

One-Time Passwords (OTP)

Online banking login credentials and account access information

The Bank further emphasizes that all official news, announcements, and services are published exclusively through the Bank's official website and verified social media channels.

If you suspect any page or account of impersonating the Bank, please report it immediately and contact the Bank through its official communication channels.

Together, we can protect your information and ensure the security of your banking transactions.
